

PT VENTURINDO JAYA BATAM

QUALITY POLICY

It is the responsibility of VJB to use quality as a management tool of business. We aim towards total customer satisfaction, ensuring expectations of our customers and their requirements are identified and met in a consistent manner.

In doing so, we will comply with all necessary requirements including those of ISO 9001 : 2015 and IATF 16949 : 2016 and ensure adequate resources are available to meet customer requirements and applicable statutory & regulatory requirement.

To measure our performance against these requirements, quality objectives will be established for key areas of our business. Quality objectives will be regularly reviewed by top management to ensure continual improvement in our performance.

We shall ensure this policy is communicated to, understand and implemented by all employees through out the company.

TORY LOE
